The screenshot shows a web browser window with the address bar displaying 'localhost:57414/employee_dashboard.aspx'. The page title is 'Employee Dashboard'. A navigation bar contains links for 'Update Product Catalog', 'Update Customer', 'Customer Segmentation', and 'Logout'. The main content area features a welcome message and an 'Inventory Forecasting' section with a text input field containing '4' and a 'Forecast Demand' button. Below this is a table with two columns: 'Product' and 'Demand Score'.
